### Details of the exhibitors attending the fair

<table>
<thead>
<tr>
<th>49</th>
<th>Alliance Manchester Business School</th>
</tr>
</thead>
</table>

**Profile:** The Centre takes the world-leading business research and teaching activities of Alliance MBS to create short business courses for individual managers across many sectors. These are short, practical courses that build leadership and management excellence.

We have over 50 years' experience of working in partnership with our clients to develop unique executive education programmes (see the link to the programmes on the website) that inspire leaders, change cultures and transform organisations.

Alliance MBS has 6 international centres around the globe and our activities therefore have an international flavour.

**Website:** www.mbs.ac.uk
### University of Birmingham

**Profile:** At Birmingham we encourage and empower people, enabling them to make the most of their time with us. Our vision is to inspire today's brightest postgraduates to make a major impact on society and to become the leaders of tomorrow in whatever field they pursue. Birmingham boasts an extensive portfolio of postgraduate courses with over 600 taught postgraduate programmes and a wealth of research opportunities to choose from. We have over £25 million in postgraduate student support and scholarships available to enable postgraduates from across the world to realise their potential with us.

**Website:** [www.birmingham.ac.uk/postgraduate](http://www.birmingham.ac.uk/postgraduate)

### University of Bradford

**Profile:** The University of Bradford received its Royal Charter in 1966, but its origins date back to the 1860s. Today the University has around 10,000 students. Bradford has always been a forward-thinking, modern and student-orientated University. We have a firm commitment to confronting inequality and celebrating diversity; our students benefit from a multi-cultural learning environment, with students here from over 110 countries across the world.

**Opportunities:** We have a wide range of postgraduate courses designed to take students to the next level in their preferred field. Courses in Business and Management, Health, Engineering, Computer Science, Social Sciences and many more are designed with industry experts. Part-time and distance learning options are available, as well as a number of scholarships and bursaries.

**Entry Requirements:** Visit our postgraduate course webpages to see entry requirements for individual courses.

**Application information:** Students apply for postgraduate courses directly with us. You'll find an 'Apply' button on each course page.

**Application website:** [www.bradford.ac.uk/postgraduate](http://www.bradford.ac.uk/postgraduate)

**Website:** [www.bradford.ac.uk](http://www.bradford.ac.uk)
### University of Bristol

**Profile:** Bristol is one of the most popular and successful universities in the UK, ranked in the world's top 50 in the QS World University Rankings 2020, we are a top 10 UK university (QS Rankings 2019) and a top 2 university with leading employers (High Fliers 2018).

We research issues that matter to society - across the sciences, medicine, engineering, social sciences, arts and humanities. To study with us is to join a thriving and highly respected academic community.

Bristol is the South West's leading city; beautiful, cosmopolitan, vibrant yet relaxed, and a great place to live.

**Opportunities:** Postgraduate taught and postgraduate research degrees

**Entry Requirements:** Please refer to individual course requirements

**Application information:** We offer an online application system on our website for all of our programmes, except the Postgraduate Certificate in Education for which you should apply through UCAS.

**Website:** [www.bristol.ac.uk](http://www.bristol.ac.uk)

### University of Cambridge

**Profile:** Cambridge is one of the world's oldest universities and leading academic centres, and is a self-governed community of scholars. Cambridge comprises 31 Colleges and over 150 departments, faculties, schools and other institutions. We engage across the globe in virtually every area of research and our work is renowned within the UK and abroad as being internationally excellent. Cambridge has more than 80 Nobel Prizes to its credit, more than any other single university in the world. At Cambridge, we provide the world's highest-quality university education for the brightest and best, regardless of background. There are a variety of ways to study at Cambridge: undergraduate study; graduate study; lifelong learning; executive education and training; and courses in education. Courses are tough: we offer a lot and we expect a lot. But if you have the commitment, the ability and the motivation, you can expect great rewards - exhilarating intellectual satisfaction and a capability much sought after by employers in industry and academia.

**Website:** [www.cam.ac.uk](http://www.cam.ac.uk)
### Cardiff Metropolitan University

**Profile:** Whether you're looking for full or part-time study, we are an excellent choice for postgraduate study. We pride ourselves on having a strong reputation in applied research and active engagement with business and industry. We can offer you first-class taught programmes and unique research opportunities.

**Opportunities:** Postgraduate and professional courses

**Application information:** Apply online at www.cardiffmet.ac.uk

**Website:** http://www.cardiffmet.ac.uk

### Cardiff University

**Profile:** We are among the very top tier of Britain's research intensive universities and a member of the Russell Group of leading universities. Research is undertaken in all 27 academic schools and most academic staff are working in areas of national and international significance. Such research annually earns grants and investments totalling many tens of millions of pounds and attracts top researchers from around the world, as academic staff appointments and visitors undertaking collaborative research. Our reputation for research and teaching of international excellence is also reflected in our cosmopolitan student body.

### College of Europe

**Profile:** The College of Europe was the world's first institute of postgraduate studies and training in European affairs.

It was founded in 1949 by leading European figures such as Salvador DE MADARIAGA, Winston CHURCHILL, Paul Henri SPAAK and Alcide DE GASPERI in the wake of the first Congress of the European Movement in The Hague in 1948. The idea was to establish an institute where university graduates from many different European countries could study and live together in preparation for careers related to European cooperation and integration.

**Opportunities:** The College of Europe is the first and most genuinely 'European' of all the postgraduate university institutes of European studies, founded in 1949 by leading European figures. Locations in Bruges (Belgium) & Natolin (Poland);

- Working languages: English and French;
- Student body - 450 postgraduates from over 55 countries; teaching staff 230 professors and practitioners from over 20 nationalities.

A large number of whole or partial scholarships are available.

**Website:** [https://www.coleurope.eu/](https://www.coleurope.eu/)

### Durham University

**Profile:** University

**Website:** www.durham.ac.uk
**Edge Hill University**

**Profile:** Edge Hill University have been providing Higher Education for over 130 years, with our ethos based on 'opportunity through excellence'. If you wish to pursue your studies beyond first degree level then a PGCE, Masters or Research programme at Edge Hill University is something to seriously consider. You will get the chance to exercise your intellectual abilities, develop your professional skills and knowledge and ultimately prepare yourself for a very rewarding career. Nominated for University of the Year in 2007, 2010 and 2011. Edge Hill University is a TEF Gold provider.

Application website: https://www.gcu.ac.uk/study/postgraduate/

Website: www.gcu.ac.uk
**Profile:** Operational Research (OR) specialists advise Government on how to make the best possible use of public money. With their skills in problem structuring, modelling and analysis, they help formulate Government policy and find effective ways of putting it into practice. Operational Research is about working with policy makers and managers to generate the most appropriate options for future action. OR analysts use a range of analytical techniques, from detailed statistical analysis, simulation, and mathematical modelling through to facilitation and problem structuring so that they can explore problems and give objective advice.

OR analysts can help answer vital questions such as:

- How can we measure and improve the quality of service in education, health, benefits and other public bodies?
- How much grant will be required next year to create new jobs in industry?
- How can we compare the relative value of government expenditure on roads, health and education?

The Government Operational Research Service (GORS) is the umbrella organisation that provides management support to all members across central government. Departments with GORS analysts include:

- Cabinet Office
- Department for Business, Energy and Industrial Strategy
- Department for Education
- Department for Communities and Local Government
- Department for Culture, Media and Sport
- Department for Environment Food and Rural Affairs
- Department for Transport
- Department for Work and Pensions
- Department of Health
- HM Revenue and Customs
- Home Office
- Ministry of Justice

Imperial College London

Profile: Imperial College London is a science-based university with an international reputation for excellence in teaching and research. Consistently rated amongst the world's best universities, the College is committed to developing the next generation of researchers, scientists and academics through collaboration across disciplines.

Located in the heart of London, it is a multidisciplinary space for education, research, translation and commercialisation, harnessing science and innovation to tackle global challenges.

Since its foundation in 1907, Imperial's contributions to society have included the discovery of penicillin, the development of holography and the foundations of fibre optics. This commitment to the application of research for the benefit of all continues today, with current focuses including interdisciplinary collaborations to improve health in the U.K. and globally, tackle climate change, and develop clean and sustainable sources of energy.

Website: www.imperial.ac.uk

Keele University

Profile: When you choose to study a postgraduate course at Keele, you are making an investment for your future. You will be looking for a qualification that will enhance your career prospects, and a university that will support you in your studies. We offer a high-quality postgraduate education in a safe, friendly and supportive community environment. You will be taught by experts in each subject, with national and international research reputations, so you will benefit from the latest thinking in all subject areas. Keele is a research-led university, with excellent teaching quality and graduate employment rates. There are about 600 full-time postgraduate taught course students on campus, and about the same number of postgraduate part-time taught students. The total number of full-time students is about 7,000. This size means that Keele is a genuine community on campus.

Website: www.keele.ac.uk
Organisation profile: Ranked in the top 20 for research intensity in the Times Higher Education, Kent outperforms 11 of the 24 Russell Group universities. With almost 20,000 students, we offer stunning locations in the picturesque south-east of England and at our European centres in Brussels, Paris and Athens and Rome.

Kent is a major educational, economic and cultural force throughout its region with well-established external networks and partnerships around the world.

Awarded gold in the Teaching Excellence Framework*, we have also won the 'Outstanding Support for Students' category at the Times Higher Education (THE) Awards for two years running (2017 and 2018).

Opportunities: Pdip, MA, MSC, LLM, PhD, Professional Doctorate

Entry Requirements: Students applying for a postgraduate degree must normally have a British first or second class honours degree in a relevant or appropriate subject, or the equivalent from an internationally recognised institution.

However, all applicants are considered

Application information: Apply online

Application website: https://www.kent.ac.uk/pg

Website: www.kent.ac.uk
Profile: Lancaster University is ranked in the top ten across all three main UK league tables (The Times, Guardian and Complete University Guide), with many of our subjects ranked amongst the best in the world. The University is committed to solving major global problems through research and teaching, with 83% of our research ranked as 'internationally excellent and world leading' in the most recent Research Excellence Framework. We’ve invested heavily into our campus since 2003, putting over £500m into new academic facilities, great teaching spaces and student social facilities, with £200m more planned over the next four years.

Lancaster is one of a handful of collegiate universities in the UK, located close to Manchester and the Lake District. We have a dedicated college for postgraduate students, as well as postgraduate-only facilities in the city for students not based on campus. We've won the award for 'Best University Halls' for six years running, and are one of only five institutions in the world to achieve the International Accommodation Quality Mark. Our international community extends far beyond the campus with research, teaching, and exchange partnerships with leading universities and institutions in 26 countries across the world.

Entry Requirements: Good first degree (2.i. or above).

Application information: Apply online via our website

Application website: www.lancaster.ac.uk/study/postgraduate/

Website: www.lancaster.ac.uk

**Profile:** The University of Lincoln was awarded Gold – the highest standard possible - in the national Teaching Excellence Framework, an independent assessment of teaching quality in UK higher education. The award reflects our exciting teaching, great support for students and excellent employment outcomes. Lincoln is ranked 17th in The Guardian University Guide 2020. The institution is known for a pioneering approach to working with employers, which has been recognised with a Lord Stafford Award and Times Higher Education Award. Among our most recent graduates, 96 per cent were in work or further study six months after finishing their course with more than 80 per cent in graduate level roles. More than half of our research is judged to be internationally excellent or world leading in the latest Research Excellence Framework.

**Opportunities:** The University of Lincoln offers a wide variety of postgraduate courses spanning the arts, science, social sciences, and business.

**Entry Requirements:** Postgraduate study at the University of Lincoln can help you to further or completely change your career, develop your knowledge, enhance your salary, or even prepare you to start your own business. It is an investment in you and your future.

We offer a range of taught and research programmes which build on our academic strengths, and are constantly refreshing our courses and adding new specialisms to meet the demands of our changing world.

Each year, we help hundreds of people change and enrich their lives. Now it's your turn.

**Application information:** Most of our postgraduate courses have no official closing date for applications. The majority of our taught courses start in September, although some courses have intakes in January or February. Please allow enough time for your application to be considered prior to the start date. If you are an international student you may need to factor in time for your visa application. We would advise you to apply as soon as possible.

We can provide guidance and support throughout your application to the University of Lincoln. If you have any questions, contact our Postgraduate Team:

**Application website:** www.lincoln.ac.uk/pg

**Website:** www.lincoln.ac.uk

<th><strong>University of Stirling</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Profile:</strong> We are defined by our commitment to quality: quality in research, quality in education and quality of the student experience. In the most recent Research Assessment Exercise (RAE), 10% of Stirling research was judged to be 'world leading' and a further three quarters as 'internationally excellent' and 'internationally recognised'. We also have high student satisfaction levels, and an excellent employability rate for our graduates. Based in a spectacular setting in the heart of central Scotland, we are a traditional, research-led university with a thriving and vibrant postgraduate community from home and overseas. The Stirling Graduate Research School works to facilitate the expansion of postgraduate research. It supports all the work done by research postgraduate students and organises seminars throughout the year designed to increase students' employability.</td>
</tr>
<tr>
<td><strong>Opportunities:</strong> We offer a range of Postgraduate Masters degrees across five faculties. We also run a number of postgraduate research degrees from Masters by Research to the traditional PhD and including specialised professional doctorates that combine industry relevant research with advanced taught classes.</td>

University College London (UCL)

Profile: Described by the Sunday Times as "an intellectual powerhouse with a world-class reputation", UCL is consistently ranked as one of the top universities in the UK and world-wide. Established in 1826, we are located on a compact site in the heart of London, surrounded by the greatest concentration of libraries, museums, archives and professional bodies in Europe. UCL is a multidisciplinary university with an international reputation for the quality of its teaching and research across the academic spectrum. We were ranked in the latest Research Assessment Exercise as one of the top three UK universities for the volume of world leading research produced. We also have the best academic to student ratio in the UK (1:10), enabling small class sizes and outstanding individual support (Times 2013). UCL graduates are very employable and their average starting salary is a full 20% higher than the national average (HESA 2012). As well as being dynamic and intellectually challenging, UCL is also a very cosmopolitan and international environment in which to study. Nearly 40% of our students are from outside the UK, coming from more than 150 different countries.
